Chilliwack, BC V2P 1N6

Dear Paul,

On behalf of the Chilliwack Economic Partners Corporation (CEPCO), we are pleased to provide this letter of support for the Bridal Falls Gondola project. As the City of Chilliwack's economic development organization, we recognize the need for additional investment in Chilliwack's recreation, culture, and quality of life.

The Bridal Falls Gondola offers tremendous opportunities to sustainably contribute to Chilliwack's economic growth and social development including direct impact to employment and economic activity, contributions to social, cultural and community development, and ecotourism.

From our experience, we know that creating a desirable community is not just about jobs, nor is it just about tourists. We know that to be successful and liveable, a community requires vital infrastructure that can propel the community to that next level. It is about creating a project that is sustainable long-term; a project that integrates employment with a quality of life for the benefit of all.

We strongly support this creative business venture for our community. This is an exciting and viable project that would leave a lasting legacy for its community.

Sincerely,

Brian Coombes
President
