RE: Bridal Falls Gondola Project Application No. 100240241

To whom it may concern,

I am writing in support of the Bridal Falls Gondola project and its application for Crown Tenure. The project is for the creation of an eco-tourism, cultural tourism amenity at the current Bridal Falls Golf course with a gondola accessing and terminating on the ridgeline west of Mt. Archibald.

The Bridal Falls Gondola Project promises to provide economic, cultural, and recreational benefits to the community while also ensuring to protect the local environment. Once operational, this will contribute to the creation of hundreds of jobs while also providing an opportunity for greater tourism in the Fraser Valley. It will also provide an opportunity to share the culture, language, and history of the Stó:lō Nation as well as protect the land for cultural use.

This project will be a positive addition to our community and will contribute to our economic future. I offer my full support for this project and am looking forward to seeing this process move forward.

Thank you in advance for your attention to this matter.

Sincerely,
